For Instagram carousel

- Dimensions: Keep the dimension at 1080*1350px.
- Banner Design: Use water color based or a light theme with white/ivory tones for a clean, modern, and premium look.
- 3D Elements: If use relevant 3D illustrations or icons in watercolor based and make a 0.5px outline art with element to make the design visually appealing.
- References: Refer to the sample designs shared below for overall styling and creative direction.

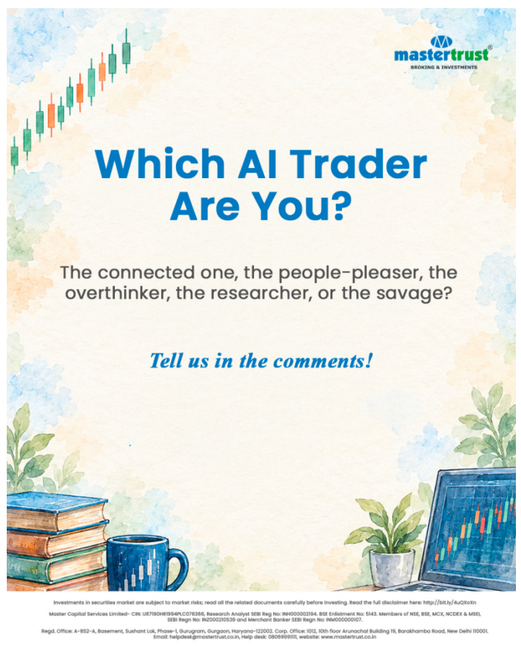

- **Important Instructions:**
- Do not change anything in the provided reference layouts, including colors, fonts, spacing, alignment, icons, or other design elements.
- Export all three banners in SVG format, maintaining their exact dimensions.
- Combine all three SVG files into a single ZIP folder for final delivery.
